

The Missouri Office of Prosecution Services will be hosting a FREE webinar on

Friday, February 2, 2018, 10 AM to 12 PM

“Know Your Number” & How to Do It

The Missouri Association of Prosecuting Attorneys recommends that prosecutors "know their number" by tracking how long their cases take to disposition, from the time they are reported, to the time they are submitted to the prosecutor's office, to the time that they are disposed. Once this number is collected, it can be tracked and improved, for a better administration of justice, happier victims and decreased caseloads.

In this webinar, Buchanan County Prosecuting Attorney Dwight Scroggins and his office administrator, Nanna Rose, will discuss their "Know Your Number" policy and provide a step by step demonstration of how to track these numbers in Karpel. Buchanan County is known across the state for its advanced approach, streamlined cases, cooperative victims and rapid dispositions.

Please join us in learning the practical side of how you too can “know your number.”

This webinar will qualify for up to 2.4 hours CLE for prosecutors. It will not be 210 or POST certified.

FYI - It is best to use headphones or external speakers for the webinar as the audio tends to be clearer.
